Italy

👥 Interests

Karate Practiced Karate from 2008 to 2015 and obtained a brown belt.

Rugby Played rugby at the Plaisir club from 2016 to 2018.

Sailing Annual sailing practice in a competition team on LASER support from 2018 to 2022.

Music

- Playing French horn since 2011
- Member of the Châlons-en-Champagne Conservatory Orchestra from 2013 to 2016
- Principal French horn of the Saint-Quentin-en-Yvelines Orchestra since 2018

About Me

Final-year engineering student at IPSA (Institut Polytechnique des Sciences Avancées), specializing in Embedded Systems and Telecommunications, currently pursuing a double degree in Artificial Intelligence at CentraleSupélec.

Seeking a full-time position starting in November 2026 in Artificial Intelligence, Robotics, Embedded Systems, Computer Vision, or Intelligent Systems.

Education

From 2025 to 2026

CentraleSupélec

From 2021 to 2026

IPSA

From Aug. 2024 to Jan. 2025

Master's in Engineering

CentraleSupélec - Université Paris-Saclay Gif-sur-Yvette

Specialization: Artificial Intelligence

Master's in Engineering

IPSA - Institut Polytechnique des Sciences Avancées Ivry-sur-Seine

Specialization: Embedded Systems and Telecommunications
Ranked 2nd in class

International Semester

Inha University - 인하대학교 Incheon, South Korea

Electronic Engineering, Robotics, Artificial Intelligence, Computer Vision, and Embedded Systems

Work experience

From May 2026 to Nov. 2026

Internship - AIOps & DevSecOps Consultant

IBM Bois-Colombes, France

Contributing to AIOps projects for BNP Paribas. Supporting IT operations automation, observability, DevSecOps practices, and cloud reliability

From Jun. 2025 to Sept. 2025

Internship - AI Engineer in Target Detection and Recognition

KNDS France Bourges

Development of AI for the detection and tracking of targets on multispectral images. Structuring of image databases and adaptation of deep learning models for deployment on embedded computing units

From July 2024 to Aug. 2024

Internship - Robotics Integration Engineer - ROS2

ARQUUS 15 bis Allée des Marronniers, Camp de Satory, 78000 Versailles

Development and security of communications for terrestrial robots using DDS, XRCE protocols, and DTLS encryption on ROS2.

From Feb. 2022 to Dec. 2025

July 2023

Project Leader

Association Script Ivry-sur-Seine, Île-de-France, France

Led the development of an AI-powered drone integrating computer vision and speech processing.

Intern Technician at GAZELLE Workshop

Atelier industriel de l'aéronautique Clermont-Ferrand, France

Operational Maintenance of the GAZELLE helicopter: mechanical, electronic maintenance, and supply chain management.

Technical Skills

Languages : Python, C, C++, VHDL, SQL

MATLAB Simulink, Solidworks, Catia

ROS2, DDS-XRCE, Embedded Systems, ARM Cortex-M

Docker, Git, Linux, Cloud Computing, DevSecOps, AIOps

PyTorch, TensorFlow, Machine Learning, Deep Learning, Computer Vision, RL, LLMs, MCP, RAG
